ARRESTS AT TRENTON.

The following telegraphic dispatch is published in the N. Y. Express of yesterday afternoon:

TRENTON, N. J., Nov. 14.—Lieutenant Col. A. I. Colburn and J. C. Duane, of the Engineer corps, both belonging to the staff of Gen. McClellan, were sent to Washington this morning under arrest. It was said that the orders were received by an officer of the U. McClellan's staff are to be put under arrest. The charges against them are unknown.

A gentleman who returned from Waterford, six miles above Leesburg, day before yesterday, states that although quite a number of the refugees from that vicinity have returned thither since the occupation of Loudoun again, there is considerable danger yet from the incursions of Confederate scouting parties.

General Fremont, it is said, will be assigned to the command of the defences of the Capital.—General Wadsworth and Heintzelman will both take the field in a very short time.

NEW YORK, Nov. 15.—The Herald of this morning has a letter from Newbern, dated the 9th inst., stating that Gen. Forbes' army was at Williamston on the 8th, under orders to march to Plymouth on the 9th, and from thence embark in transports for Newbern.

LOCAL.—Considerable wood for fuel, from the country, has come into town, in wagons, during this week, as the roads are now excellent: the prices, however, both for oak and pine are high; oak is from \$5 to \$6 per cord.—The fine weather attracts crowds to the principal thoroughfares in town, and King street presents quite a lively appearance from the number of pedestrians.—There was a tolerable supply of country produce, and fresh meat, in market this morning; prices about the same as last reported; poultry is dear; turkeys, \$1 25 @1 50 a piece; ducks and chickens 75 cents to \$1 per pair; the market was well attended.—Some petty pilfering, by boys, from the store doors on King street, has been detected.—A sale of condemned U. S. property, consisting of mules, horses, spades, axes, hatchets, blacksmiths' and carpenters' tools, &c., will be made at the Quartermaster's Department in this place, on Wednesday, the 19th inst.

FIRE.—About half-past one o'clock this afternoon, smoke was seen issuing from the dormer windows of the frame house, No. 119 King street, and it was soon discovered that the third story was on fire. The house was unoccupied at the time, and it is thought that the fire was the work of an incendiary. Fortunately the flames were extinguished before much damage was done.

The N. Y. letter of the Philadelphia Inquirer says: "The whole community were taken aback this afternoon, by the Trenton telegram, announcing the arrest of some of General McClellan's staff. On all sides the question was asked, 'What does it mean?' But nobody of course was competent to give a satisfactory answer. There was no lack of conjecture, however. McClellan's friends were sure that the offence of the parties arrested could only have been a too free expression of opinion in regard to the removal of the Commander-in-chief. A large number of citizens, friends of General McClellan, started for Trenton, to see what the matter was, as soon as they heard the news.—Gentlemen from Trenton later in the day, say the only charge against the officers in question is an assault upon a Tribune correspondent at Warrenton."
